

# Environmental and Sustainability Policy

Rocky Point aspires to minimise its impact on our environment and maximise the effective use of resources. We strive to achieve this by increasing communication and awareness of our efforts in accordance with this policy and fostering responsible environmental behaviour amongst staff, and users at all levels.

Rocky Point is committed not only to complying with applicable law in all of its operations but to minimise risks and impacts through the development of robust and documented systems to implement, measure, monitor, and disseminate excellent environmental performance both within its operations and to the broader community.

## To Reach these target, Rocky Point:

- 
- Conducts operations in compliance with all applicable laws and regulations and applies its high internal environmental standards.
  - Provision of staff training to ensure all staff understand, implement and develop these principles through our business so that tasks are carried out in environmentally responsible manner.
  - Implements and certifies the internationally recognised environmental management system, ISO 14001, in all of its operations to ensure accountability and continuous improvement.
  - Implement and certify HACCP Bio secure
  - Includes environmental strategies and objectives in its business planning process to ensure that management of environmental impact remains an integral part of its operations.
  - Identifies environmental aspects, sets environmental goals, monitors results and audits processes in order to assess its performance against internal and external environmental standards.
  - Identifies and implements ways to improve the efficiency with which the Company uses materials and resources, prevents pollution, minimises emissions, and recycles waste.
  - Working collaboratively with our customers, suppliers, and the surrounding community and participating in discussions on environmental issues and encouraging suppliers and contractors to have similar environmental standards;
- 

**The Company is committed to continual improvement of environmental performance. This Policy will be communicated to all staff, contractors and suppliers, and be available for the public.**
